### Remnants

What possibilities the thrifty woman sees in this little word--REMNANTS? In her mind's eye she sees a multiplicity of new garments and household supplies that she can fashion from REMNANTS. Perhaps it's a new blouse from the nice lengths of pretty silks--a good skirt from a piece of woolen goods--pretty dresses for the children from the many remnants of gingham--a new house dress from percale--neckwear and trimmings from the short pieces of shirtings and cottons--undercloths from the good muslins--a new summer dress from the wash goods--in fact the useful things that can be made of these remnants are too many to try to enumerate here. And all at amazingly small prices.
